S'INSCRIRE

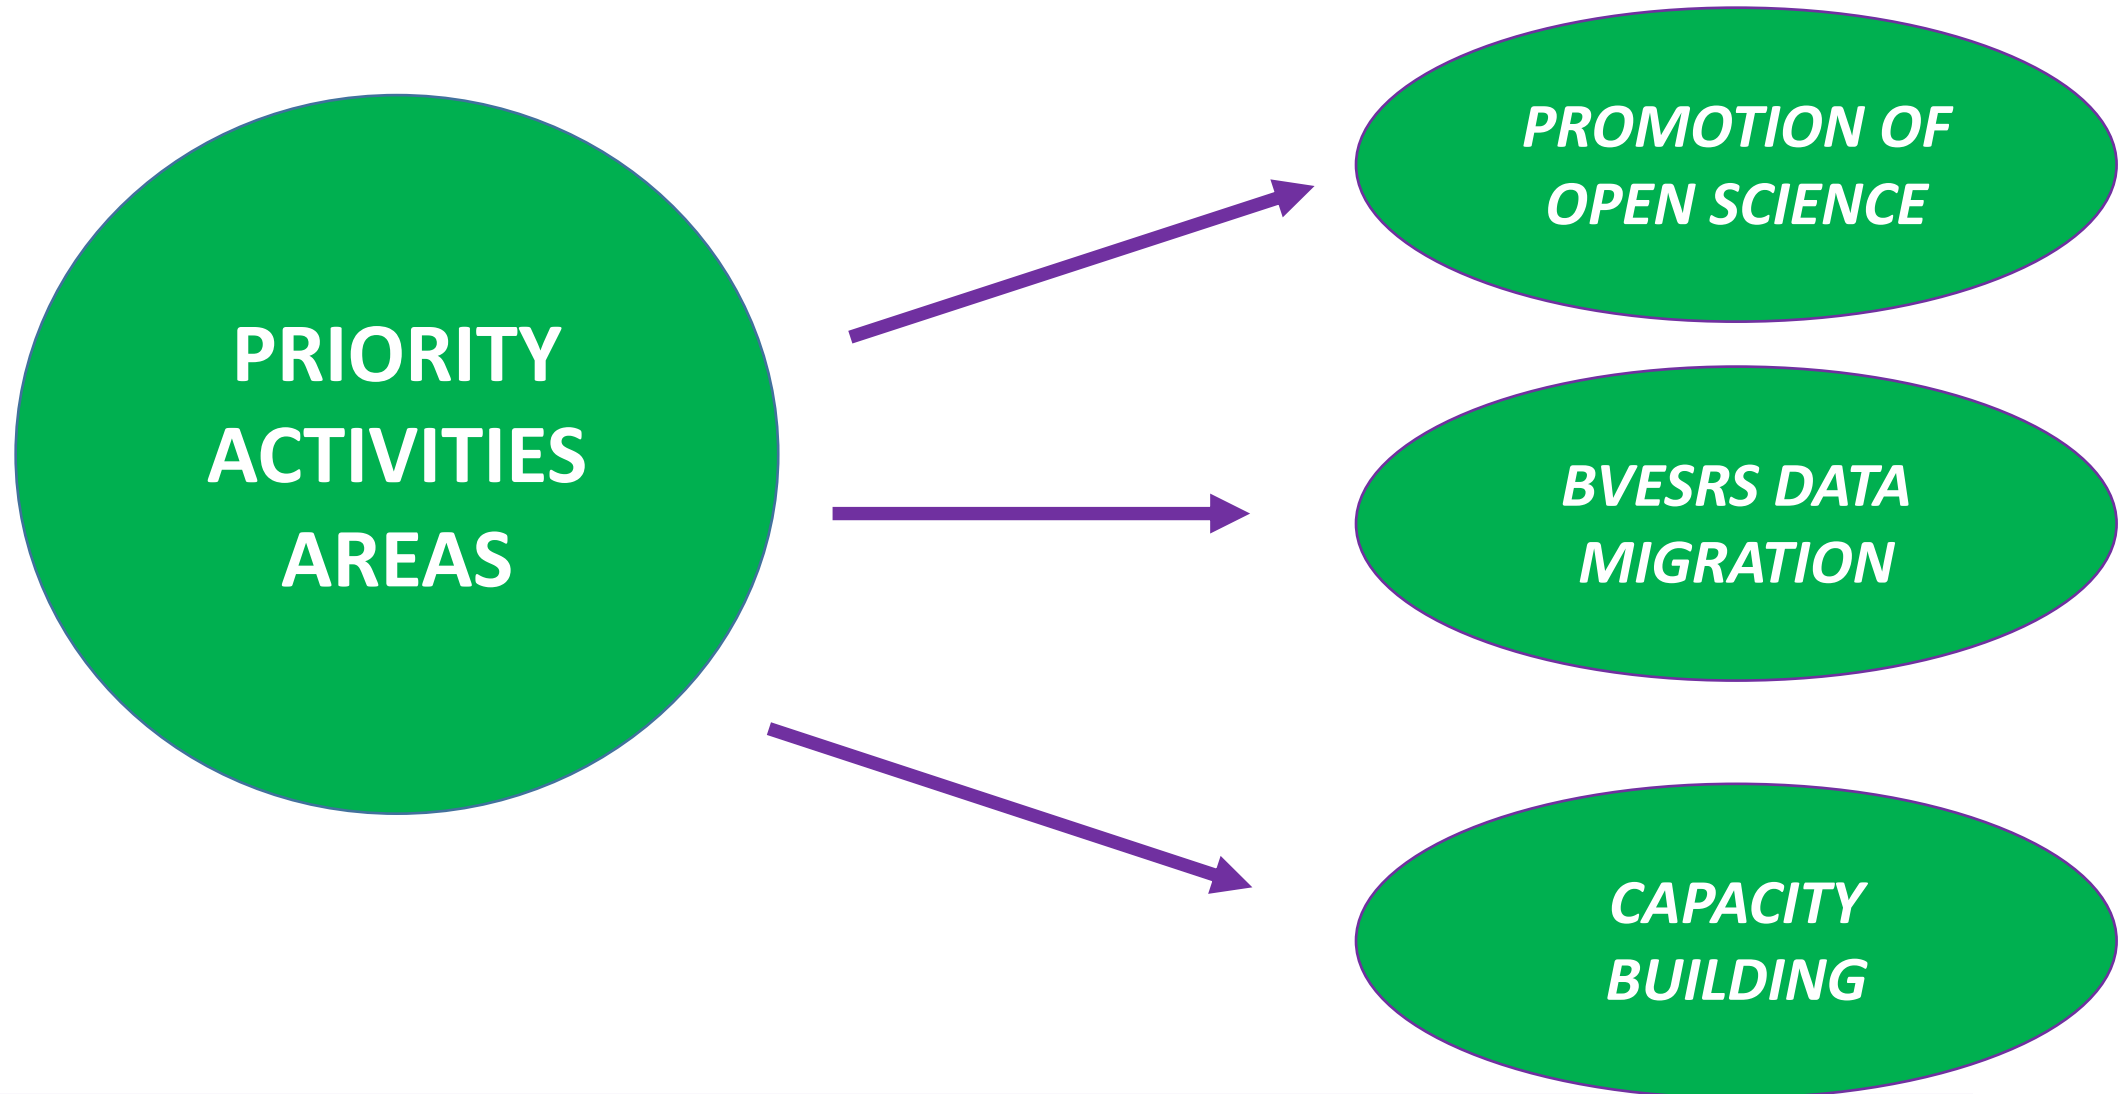

<https://bit.ly/LIBSENSEFrancophone>

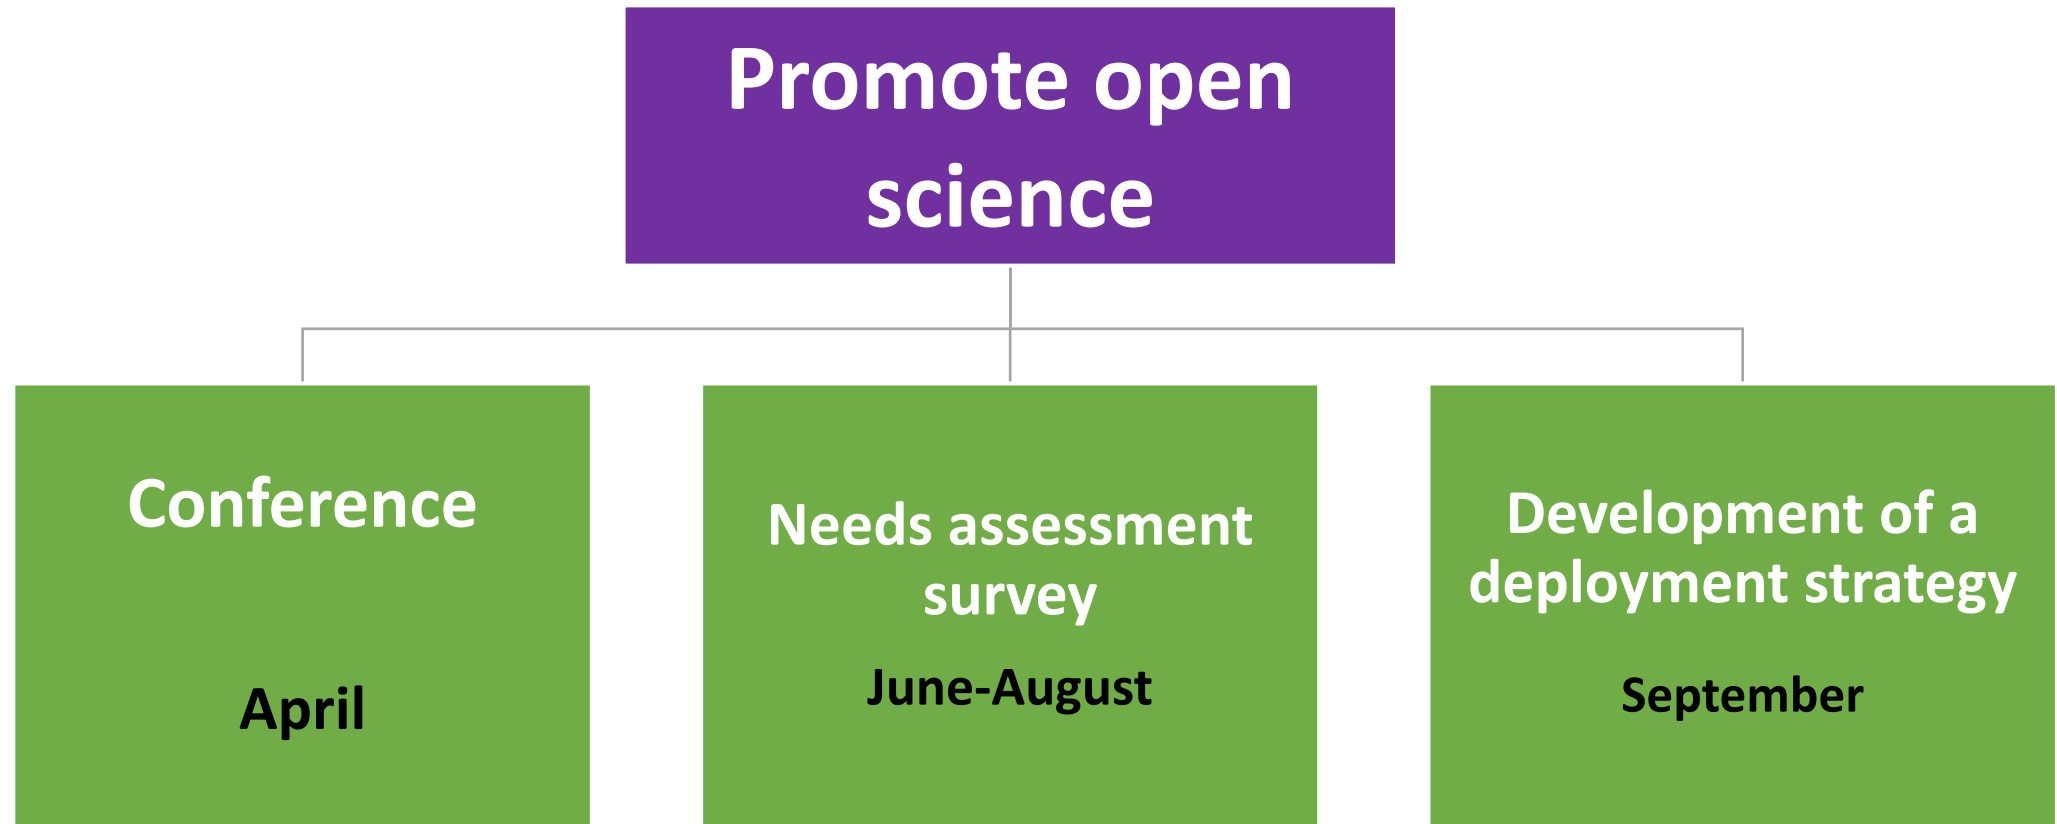

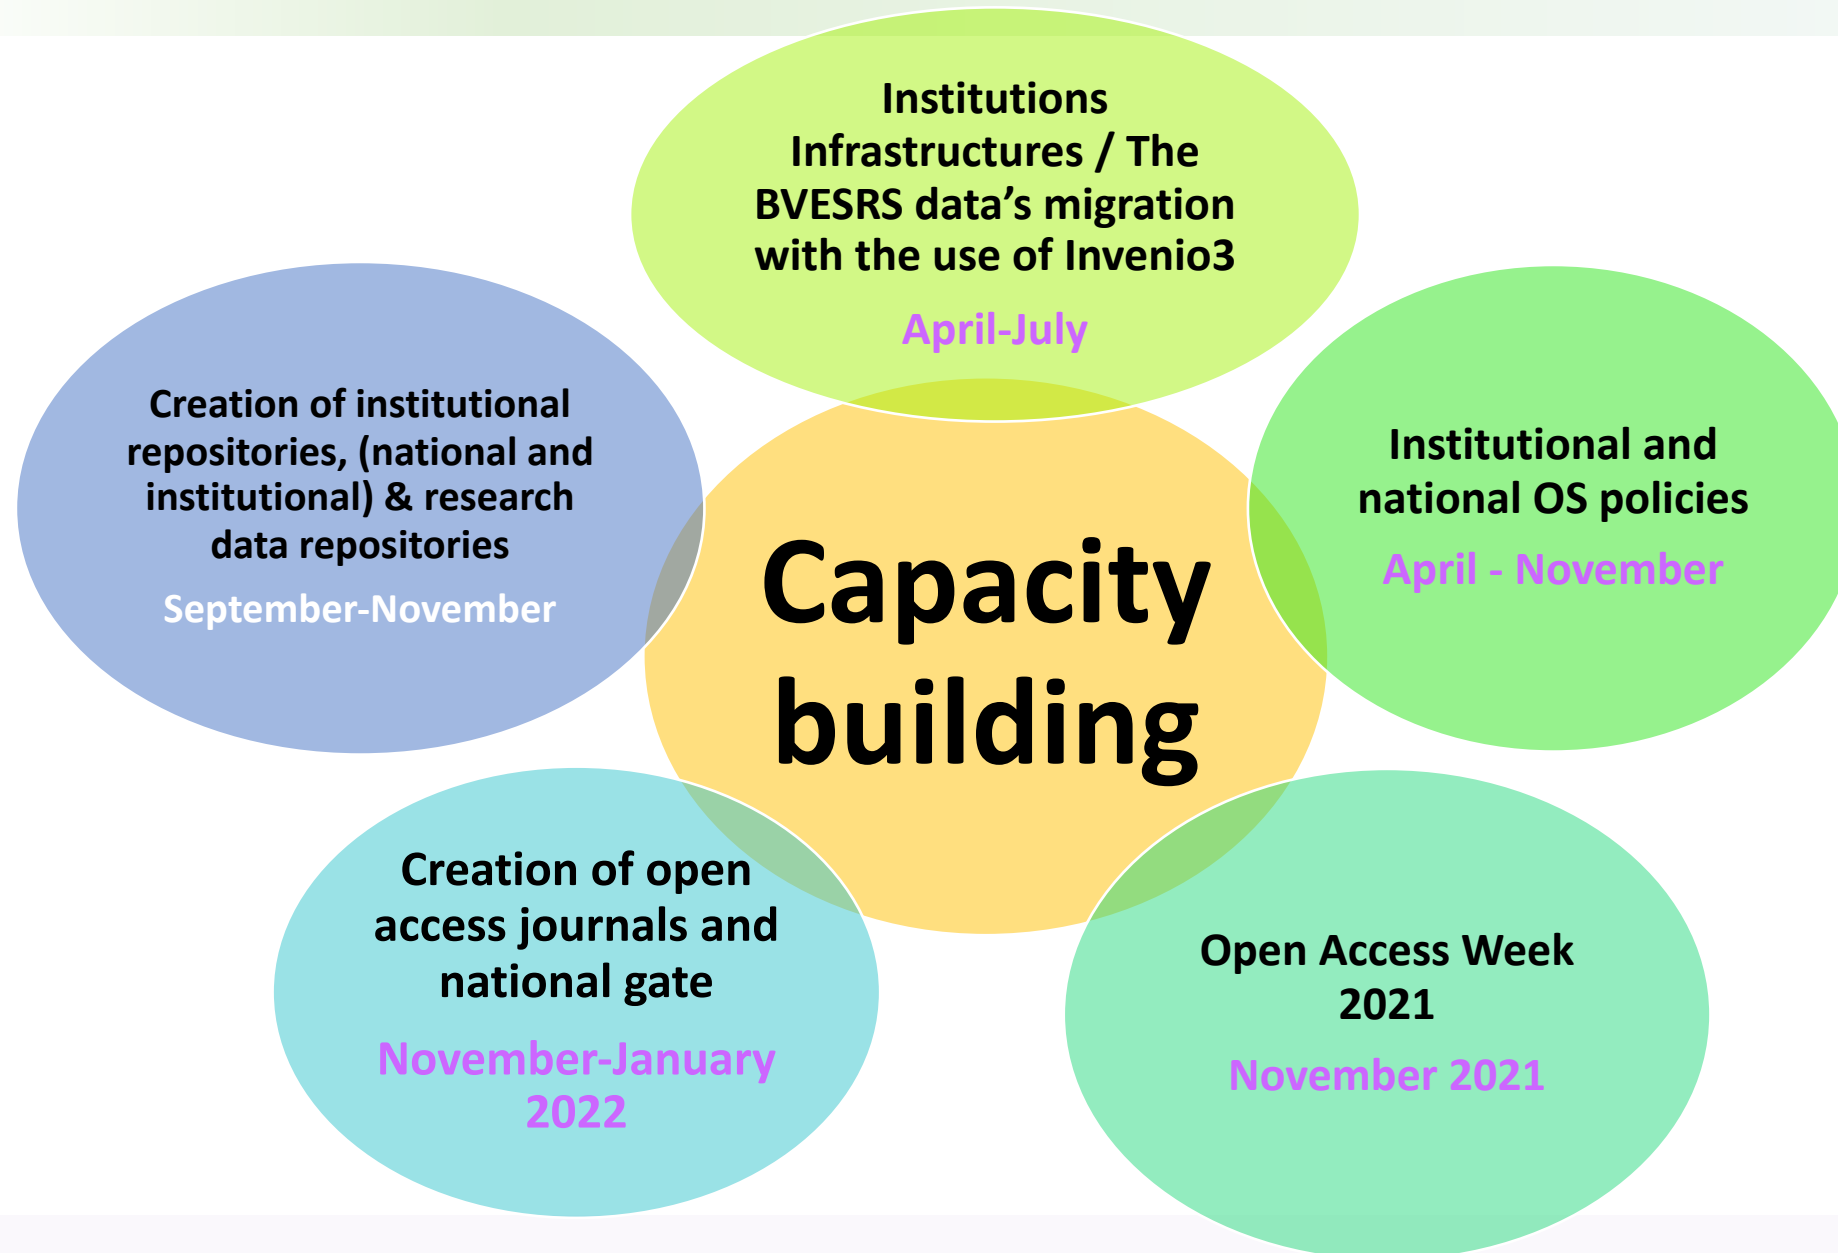

- **Need of strengthening collaboration and developing partnership.**
- ❖ **Under the supervision of the Ministry of Higher Education and Scientific Research in Côte d'Ivoire, UVCI, RITER and all the partners for education and research.**

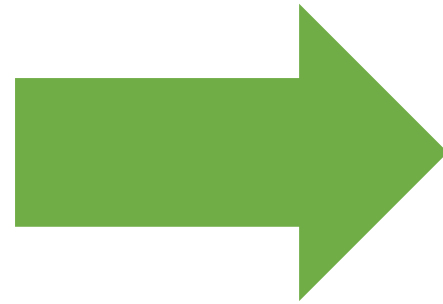

**WHY THIS
ROADMAP OF OPEN SCIENCE IN
CÔTE D'IVOIRE ?**

- ❖ Create a framework of concerted and formal actions to develop open science at the national level
- ❖ Accelerate and strengthen existing initiatives for greater visibility, accessibility and promotion of scientific research activities and results
- ❖ Comply with the requirements of the new working forms in the digital transformation and digital literacy facilitated by the COVID-19 pandemic
- ❖ Boost open science in Côte d'Ivoire for innovation and research development

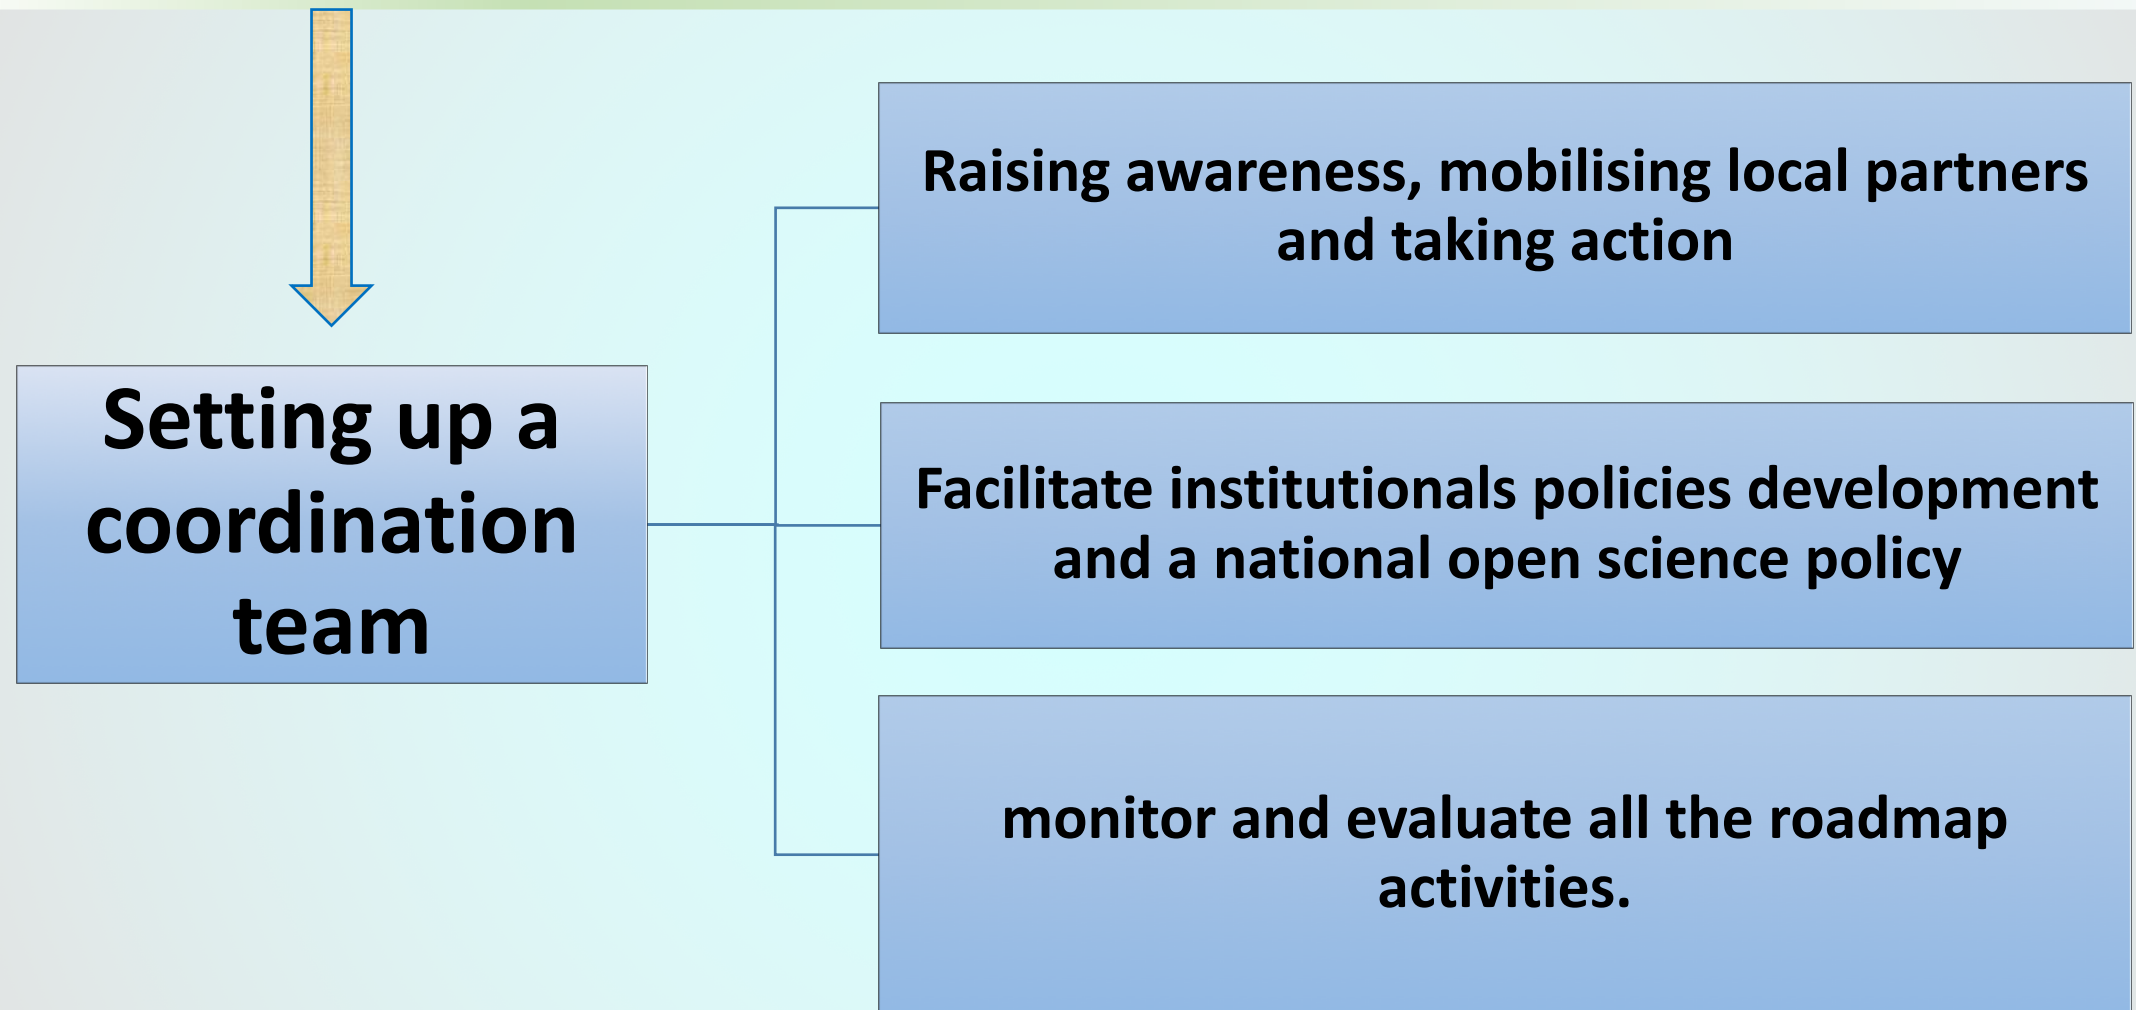

NB.

- 1. Open science activities will need to continue after 2021, in 2022, 2023, etc.**
- 2. All academic institutions, research institutes, centers and laboratories of MESRS are concerned by this roadmap open science activities.**

CONCLUSION

Involve, impact and succeed

thank you for your kind
attention
