

Advancing Inclusive Knowledge Access: Diamond OA and the Global Open Science Agenda

Monday, 6 October 2025 09:25 (15 minutes)

UNESCO will highlight how Diamond Open Access underpins the global Open Science agenda by advancing equity, strengthening bibliodiversity, and amplifying the participation of scholars from the Global South. The talk will explore how community-led, non-commercial publishing models safeguard knowledge as a public good and foster a more inclusive and sustainable scholarly ecosystem.

Presenter: Dr MOMA, Enang (UNESCO)
