

Regional Collaboration for Open Science and Diamond OA Publishing

Monday, 6 October 2025 12:00 (30 minutes)

Drawing on the LIBSENSE initiative and WACREN's regional programmes, this talk situates Nigeria's Diamond OA book publishing efforts within a broader African context. It will highlight how shared infrastructure (repositories, identifiers, publishing platforms), collaborative governance, and capacity-building are enabling institutions across the region to advance Open Science.

Presenter: OAIYA, Omo (WACREN Chief Strategy Officer / LIBSENSE Coordinator)
