# Breast cancer computer aided opinion with WEKA

*Tuesday, 22 November 2016 16:00 (1 hour)*

In this section we present the portlet that has been developed to integrate the Waikato Environment for Knowledge Analysis (WEKA) collection of machine learning algorithms for data mining tasks in the Africa Grid Science Gateway.

We will show the functionalities of the application and we will show and discuss the code used to interact with the various e-Infrastructure services (FutureGateway, Open Access Repository, etc.).

**Presenter:** TORRISI, Mario (University of Catania - Italy)
