

EKO-KONNECT

SKILL DEVELOPMENT AND MENTORSHIP OF YOUTHS IN TECHNOLOGY

Presented by Amanda Obidike

HOW TO GET A MENTOR

- Do not ask: "Can you be my mentor?"
- Look at what they are doing in their life and figure out and figure out where they could need some help (Do not ask) Just do it!..and send it to them.
- Ask specific questions via message/email first.
- Act on the advice they give to you and SHOW them.
- Be patient with them.
- Treat them with empathy. Imagine how many messages and requests they receive everyday of people usually wanting transactional relationships.
- Use social media wisely.

“

SKILL DEVELOPMENT

New categories of jobs will emerge, partly or wholly displacing others. The skill sets required in both old and new occupations will change in most industries and transform how and where people work.

**WHAT SKILLS
WILL WE NEED
TO SUPPORT
ORGANIZATIONS
IN THE NEAR
FUTURE?
(WHAT DON'T
COMPUTERS DO
WELL?)**

Complex problem-solving

Design thinking

Creativity

Emotional intelligence

Judgement and decision-making.

Social intelligence

Novel and adaptive thinking

Continuous learning

Personal networks

Scientific thinking

Adaptability

Empathy

THANK YOU
